Adaptability

PROFILE

A highly motivated and hardworking individual looking for a responsible role in a reputable organization. Seeking a challenging position in a reputed organization where I can learn new skills, expand my knowledge, and leverage my learnings.

CERTIFICATES

- I have a certificate of core Java concepts and working on problems solving with in 30 days Training at RvsCas
- I have Soft Skills Certificate of Infosys with 15 days training

PROJECTS

College Management Application using Flutter

It's a mobile application project. It's useful for managing college works easily and I had completed frontend design only for this project. Definitely I will deploy the complete app in the future.

INTERESTS

Travel

Explore new cultures and meet new people

Playing badminton

It also increases my logical thinking.

App development

I am highly interested to develop a beautiful user interaction application in the Flutter framework.
